Workshop Announcement

Spend Laws and Gift Bans: States & Federal Agencies

Presented by
Virginia Fitt
Senior Counsel
GlaxoSmithKline

The increased focus on pharmaceutical pricing and opioid prescribing habits in the external political environment have resulted in significant changes to laws and regulations on manufacturer spending and transparency. This workshop will take attendees through the gift bans, reporting laws and transparency initiatives regarding manufacturer spend.

Intended for both those new to transparency reporting and seasoned experts, accomplished compliance industry specialist Virginia Fitt will provide an overview of laws and regulations that have necessitated data and information reporting from manufacturers for several years, as well as walk through the patchwork of state requirements. We will engage in in-depth looks at recent changes and discuss potential future trends and enforcement issues.

Attendees will have an opportunity to interact to share successes, challenges and lessons learned navigating the collection of overlaid requirements in a quickly changing environment.

The Sharing Conference is just around the corner!
And don't forget when three people from the same pharmaceutical, medical device or biotech company attend, one more may attend for **FREE**.
