

The 2021 ^{Mini} VIRTUAL SHARING CONFERENCE™

COMPLIANCE • TRANSPARENCY • PDMA • OIG

Wednesday, September 29, 2021

Join us for a Full Day of Virtual Learning & Sharing!

Hear directly from the FDA and industry professionals when you join us for the Virtual Mini Sharing Conference later this month. Our industry experts will be taking a deep dive into areas impacted by post-Covid challenges related to sampling, data, risk, compliance and more. Take a look at our [agenda](#) and [reserve](#) your spot!

The Virtual Mini Sharing Conference is only a couple of weeks away, and registration is \$399 per person - with a special "register 3, get one more free" offer. When three attendees from the same company register for the mini-conference, a fourth co-worker may attend for free. Email mail@sharingalliance.org for details on how to take advantage of this offer.

Registration is open to all commercial compliance and operations professionals throughout the pharmaceutical, biotech, and medical device industries, as well as consultants and sales/solutions providers who support them. Please note that Members Only access is not included in the Virtual Mini-Conference registration fee. To renew or initiate Alliance Membership, you will need to attend the 2022 Sharing Conference in person next May.

Already registered for the virtual event? [Submit a question](#) for one of the sessions now and your question will get answered live during the conference. The team is excited to "see" you there!
