

Keeping Up-To-Date with State Laws Updates

Presented By:

Marc Lavin
Pfizer

Rick Wichmann
Synergistix

Are you up-to-date on all the recent state law changes? State laws seem to be changing every week, and they are very challenging to keep up with!

This workshop will assist you in remaining compliant with all of the recent state law changes.

The focus will be on these state-specific requirements, such as:

- Recent changes/updates to state laws
- State sample theft and loss reporting requirements
- State sample transparency reporting
- Unique state licensing considerations, such as the different expiration models and use of grace periods particularly in light of COVID-19, and how they can impact sample distribution practices
- Ohio Terminal Distributor of Dangerous Drugs licensing and impact on sample distribution and practitioner validation
- Oregon sales representative licensure law
- State Privacy Laws

Time will be allotted for Q&A, so bring your questions and be ready for a lively discussion.
