WORKSHOP ANNOUNCEMENT

Understanding Copay Accumulator and Maximizer Programs

**What's all the talk about, and how does it
affect patients?**

Do you know what Copay Accumulators and Maximizer plans are? You should!

These strategies are increasingly having a greater impact on the patient landscape.

Industry expert and Sharing Alliance board member Marc Lavin invites you to attend this workshop to learn how these plans are affecting patients and the pharmaceutical industry. Discussion will be on learning how to provide better patient outcomes under these approaches, and developing ways of improving existing copay assistance programs.

Time will be allotted for Q&A. Workshop attendees will be able to submit questions in advance of the conference - watch for details.
