WORKSHOP ANNOUNCEMENT

Drug Price Transparency and Controlled Substance/Opioid Tax Reporting

The cost of prescription drugs in the U.S. has been a hot topic in politics with both the previous and current administrations. This workshop, presented by Brad King from Kowa Pharmaceuticals, will mainly focus on Drug Price Transparency covering the many laws states have passed along with any pending legislation to combat high drug costs and create more transparency. Most importantly, we will cover the many variations of these requirements and challenges faced by our industry to comply with reporting. This workshop will also touch on the few states that require controlled substance reporting regarding opioids and excise taxes.

Come prepared for an interesting discussion and bring your questions with you!

The conference will begin on April 30th so you still have time to register, if you haven't already. [You can register here.](#)

The team discount is still available for pharma, med device and biotech employees. If 3 of you from the same company register, a 4th person can come for free. Email mail@sharingalliance.org.

The Sharing Conference room block is closing today. You still have time to book in the block until 5pm ET by emailing mail@sharingalliance.org. After that, you can book a room by calling 877-622-3056 or by using the [Marriott reservation link](#).
