Let's be honest. If it's your responsibility to oversee storage unit management for your organization, it can be a real headache.

The intricacies of storage unit leasing and management are monumental and key to ensuring that your company's assets are highly secure and easily accessible.

In this new workshop, Ruby Ramirez and Derek Scarsella, two industry leaders with extensive logistics experience, will present a behind the scenes look at solutions through evolution that use real examples to delve into essential guidelines for self storage management.

This learning session will be an open discussion and sharing of best practices, so bring your questions and come ready for good conversation.
