The 32nd Annual
Sharing Conference™
Monday thru Wednesday, May 20-22, 2024 • MGM National Harbor

YOU CAN'T MAKE THIS STUFF UP!

A fun panel discussion on some of the craziest stories we've ever seen or heard led by Jennifer Kretsch, Gilead Sciences – with Lisa Butler, Novartis Pharmaceuticals; Steve Conn, Genesis Life Science Logistics; Judy Fox, QPharma; Marc Lavin, Pfizer; and, Alex Ullrich, Warehouse Anywhere

Everyone in our industry has at least one "you'll never believe this" story they've encountered along their professional journey.

For example, Alliance Executive Director Deb Segura tells a story about a rep reporting lost sample boxes one December. Then in mid-January, the missing sample report was withdrawn when the rep took down her Christmas tree and discovered all the sample boxes had been giving the tree some additional height hidden under the tree skirt!

In this special pre-conference session, our panelists will share some outrageous stories, offer a look back and laugh at some unbelievable moments, and prepare us for the next two days of learning so you'll know what to do when you're in a what-not-to-do situation.

Audience participation will be encouraged, so bring your logistics, samples, and compliance stories and join us for a good discussion and a few laughs before the official start of this year's Sharing Conference.

Pre-conference workshops are offered to registered attendees at no additional charge.
