WORKSHOP ANNOUNCEMENT

Tracing the Journey from Package to Patient: Understanding the DSCSA and Navigating the Latest NDC Updates

Presented By

Dave Mason

Regional Supply Chain Compliance and Serialization Lead
Novartis Pharmaceuticals Corporation

The Drug Supply Chain Security Act, or the DSCSA, is a federal law that grants the FDA authority to establish regulations aimed at preventing harmful drug products from entering the US supply chain – and detecting and removing them if they do. Under the act, all eligible trading partners must implement an electronic, interoperable system to identify and trace prescription drugs at the package level throughout the supply chain. While the DSCSA strengthens supply chain security and patient safety, it also brings operational challenges and new compliance demands.

Join us for this essential workshop to gain practical strategies for DSCSA compliance. We'll break down all five sections of the law and explore key topics, including:

- Authorized Trading Partners
- Labeling Requirements of Drug Products Distributed Under DSCSA
- Covered Transactions and Product Tracing Information
- Suspect and Illegitimate Products
- Record Retention Requirements

We'll also touch on the FDA's final rule standardizing the National Drug Code (NDC) to a uniform 12-digit format, providing an overview of implementation timelines and compliance requirements. As a core component of the product identifier required under the DSCSA, this is a critical topic all compliance professionals must master.

Bring your DSCSA and NDC questions, and leave with actionable solutions you can implement right away.

Room Block Information

We're pleased to offer a discounted room block rate of \$199/night (plus tax) at the Princeton Marriott at Forrestal. This special rate is available 2 days before and 2 days after the conference. Book your room by Monday, September 21, 2026 to lock in the rate and make the most of your time at the conference.

[Book Your Room](#)

Or call 1-800-228-9290 and mention the 2026 Sharing Conference.

Bring Your Team

When three people from the same pharmaceutical, medical device, or biotech company register, a fourth may register for **FREE**. Pass this along to your colleagues to maximize your team's training budget and conference experience. Contact mail@sharingalliance.org for details.

Vendors that provide commercial operations and/or compliance services to the life sciences industry must purchase a booth package to participate in the Sharing Conference. Please visit the [exhibitor page](#) on our site for more information.
