BALTIMORE MARRIOTT WATERFRONT • BALTIMORE, MARYLAND • SEPTEMBER 15 - 17, 2019

Connecting  
**Commercial  
Operations**  
WITH COMPLIANCE

## WORKSHOP ANNOUNCEMENT

### Hospital Credentialing—Stop the Madness, Start the Standards!

Presented by

**Margo Bear**

**AbbVie**

&

**Dennis Orthman**

**Consortium for Universal Healthcare Credentialing**

This year's Sharing Conference™ will feature an informative workshop on Hospital Credentialing, presented by knowledgeable and insightful professionals Margo Bear from AbbVie and Dennis Orthman from the Consortium for Universal Healthcare Credentialing.

Highly individual hospital policies, background checks, drug screens, product service and competency letters, insurance, multiple training documents, immunizations, and the list goes on; there is no standard, no passport for credentialing...or is there?

In this workshop you'll learn about the Consortium for Universal Healthcare Credentialing, the first American National Standards (ANSI) for supplier credentialing and what it means for you.

Q&A will top off this informative and enlightening workshop, so bring your questions!

Have you registered for the Sharing Conference?

[REGISTER NOW](#)

#### Already registered? Take advantage of the team discount!

When three people from the same pharmaceutical, medical device or biotech company attend, one more may attend for **FREE**.

Email: [mail@sharingalliance.org](mailto:mail@sharingalliance.org) for details.

*If you are a vendor who provides commercial operations compliance services and solutions to the life sciences industry, visit the [exhibitor section](#) for details on how you may participate.*

Connecting  
**Commercial  
Operations**  
WITH COMPLIANCE

This year's conference theme - Connecting Commercial Operations with Compliance - was created to address the relationship between commercial operations activities and the compliance factor.

We invite you to [take a look](#) at how compliance connects with many aspects of commercial operations, including Speaker Programs, Credentialing, Data Analytics and more.
