WORKSHOP ANNOUNCEMENT

State Update – Hot Topics & Emerging Trends

Presented by

Nico Fiorentino

Sun Pharmaceutical

&

Mark Adams

G&M Health

Join these two well-respected industry experts as they present a must-attend workshop at this year's Sharing Conference™.

State governments continue to target the pharmaceutical industry, and city governments continue to throw themselves into the mix. These initiatives have different origins, different support groups, varying levels of support, assorted outcomes, and add to the growing body of existing law. However the nuances of each create implementation challenges, inefficiencies, and increase the burden on existing dedicated resources.

Nico and Mark will provide workshop attendees with an awareness and understanding of newly enacted legislation. They'll offer their insights on state compliance challenges, with plenty of time for Q&A discussion, too.
